
Delivering Sound Pleasing to the Ear

Think of all the sound that you hear every day without ever thinking about it. Announcements, bells, background music . . . The list goes on, and at TOA our business is to manufacture a wide range of audio equipment that enables you to experience all of this sound in the greatest possible comfort and with the greatest possible enjoyment.

We began producing microphones in 1934, when they were still a rarity. Since then, we have continued to fulfill Japan's sound needs as a leading manufacturer of commercial- and professional-use audio equipment. Domestically we hold top shares in a number of markets, including those for airport PA systems and emergency PA systems for large-scale facilities—products for which technological excellence is an absolute must. In addition, we export our products to 120 countries.

Through sound, we at TOA contribute to the improvement of society for the benefit of everyone.

TOA's commercial- and professional-use audio equipment

Coaxial array speaker

Combines superior acoustic properties with high versatility. Suitable anywhere from conference rooms to sports facilities.

Digital power amp (high output model)

Delivers 2,200 watts of power with only one-third the power consumption of analog models. A high spec model with the toughness demanded by pros.

The TRANTEC brand of music-use wireless microphones

Offers the superb sound quality loved by so many musicians. A gem truly worthy of the description "high-end brand."
